Department for Enterprise Domestic Event Fund Guidelines

Disclaimer

The information contained in this document is intended to serve as guidance as to the manner in which the Department for Enterprise (a Department of the Isle of Man Government) ('the Department') exercises its powers to provide financial assistance to eligible businesses and organisations under the Domestic Event Fund. The content is intended to be general in scope and should not be relied upon as advice.

Provision of financial assistance is discretionary and the decision to provide assistance, and to what proportion, in any particular case will be based on the merits of the application and how it supports the aims of the Local Economy Strategy.

The Department may amend these Guidelines from time to time. While every effort has been made to ensure that the content was correct and up-to-date at the time of publication the Department does not accept any responsibility, legal or otherwise, resulting from any errors or omissions and shall not be liable for any losses or damage that anyone may suffer as a result of relying on the information contained herein.

1. Terms used in these Guidelines

'Department' - The Department for Enterprise (DfE)

'Fund' - The Domestic Event Fund

Prospective applicants may wish to take professional advice before making an application and should seek advice in relation to any documents they are asked to sign whereby they offer security for any financial assistance offered to them.

2. Overview of the Fund

The Fund is a **discretionary** financial assistance scheme aimed at stimulating economic activity in towns and villages through the development of domestic-focussed events, aligning with the vision of the Local Economy Strategy:

To ensure the Island is a great place to live, supporting vibrancy and distinctiveness in our city, towns, and villages by empowering communities and enabling retail, leisure, and hospitality businesses.

Local events are key to attracting visitors and increase spending in retail and hospitality businesses. Priority will be given to applications to fund events that are located within the city, towns and villages, however there are also opportunities for applications for events located outside of the city, towns and villages where there is a clear demonstrable economic benefit to local businesses.

Please note the guidance contained in sections 2 - 6 of this document relates primarily to the main route for applications into the Domestic Event Fund. Please see **section 7** of this document for further information on the recent extension of support to facilitate single-venue events under the Winter Event Scheme. For the extension for 50% rent support for pop-ups please see **section 8**.

For the main Domestic Event Fund route, organisers are required to submit an application form detailing what activities the event would include, how the event would provide value to local businesses and support future operations, along with the cost of putting on such an event. Applications will be reviewed on a case-by-case basis and limitations to funding are based on town population size and number of businesses that could benefit from such events. Applications must be submitted and an offer of funding secured before the event takes place.

2.1 Example applicants and events

The Fund would be available to the following provided that the event(s) stimulates direct economic activity for local businesses:

- Local Authorities / Town Commissioners
- Local businesses
- Local industry trade bodies
- Charities

Collaborations between businesses to host events is encouraged, however applications must be made by one lead business only, and any payments will only be made to a bank account in that same business name.

Eligible events would increase/generate footfall to stimulate direct economic activity to benefit local businesses. Examples include:

- Local Markets
- Festivals
- Shows
- Concerts

2.2 New Events

The Domestic Event Fund will primarily support new events that have not taken place previously. Organisers of new events are invited to share a three-year plan demonstrating how the event will become established longer term. With this, funding support may be offered in principle beyond the first year on a sliding scale to assist in the event becoming self-sustaining.

Events that have taken place in previous years will be considered, but they must demonstrate a clear enhancement or improvement in terms of format, content, etc. and any financial support received should contribute to these enhancements or improvements.

Local Authorities may apply for support for repeat events without new elements, provided they demonstrate past success in meeting the aims of the Fund. However, the level of support will be lower.

2.3 Available funding

All completed Event Fund applications will be reviewed by the Business Isle of Man Team before being sent on for final approval.

The Fund can provide up to 80% of approved funding towards eligible costs for each event under the standard route. (Support for Pop-Ups is at 50%, please see section 8 for details) Any costs that exceed the amount approved by the Department will not be reimbursed. Any unused funding must be returned to the Department immediately after the event.

Eligible costs for reimbursement include:

- Entertainment and entertainer fees
- Marketing
- Insurance
- Health & Safety
- Logistical costs e.g. road closures
- Third Party Event Organiser Fees
- Travel and accommodation for guest speakers, artists or performers
- Equipment hire
- Decoration hire
- For Local Authorities/Town Commissioners - Costs related to the purchase of event equipment which can be reused at future events at the discretion of the Department.
- For other applicants, support for costs related to the purchase of event equipment is capped at £100.

Costs not eligible for reimbursement by the Fund include:

- Food
- Drink
- “Freebies”, prizes., etc.
- Charity donations
- Payments to club officials, members or officers of the organising committee, unless previously agreed by the department.
- Travel and accommodation for attendees, friends, and family.
- Staff costs and overtime. However, if a large-scale event requires additional staffing, and it can be demonstrated that using existing staff presents a significant cost saving, the Department may consider providing support.

The Fund is intended to stimulate economic activity across the Island focused in City and Town Centres. To ensure this, the total amount granted to each applicant for all of their proposals will be balanced against the anticipated needs of other applicants, as well as against the impact that approved applications would have on the projected balance of the Fund.

If you have any questions, please contact the Domestic Event Fund Team at eventfund@gov.im.

2.4 Single use plastics & recycling

The Isle of Man Government has committed to significantly reduce the amount of single use plastics.

Single use plastics represent an unsustainable use of resources and make a significant contribution to global greenhouse gas emissions. Applicants should demonstrate how they are minimising their reliance on single use plastics and what recycling measures are in place for their event. Hired and reusable equipment from local suppliers should be considered where possible. In assessing applications, credit will be given to applicants that demonstrate use of local businesses and resources and sustainable sourcing.

3. Criteria used to assess economic value

The Department assesses applications for financial assistance on a case by case basis. The following criteria significantly influence the grant amount, potentially allowing for up to 80% coverage of eligible costs. Meeting fewer criteria may still qualify for funding, albeit at a reduced percentage.

- Alignment with the aims of the [Local Economy Strategy](#)
- Total anticipated footfall
- Expected increase in footfall
- Expected increase in turnover
- Number of local businesses participating in the event
- Number of local businesses in the vicinity that will benefit from the footfall
- Number of local suppliers used for the event
- Strength of the event's marketing plan
- Expected promotional benefits for the businesses involved
- What other events are taking place at that time with the same intended audience
- Expected impact on unit vacancy rates

4. Terms and Conditions

Any offer of funding is subject to acceptance of the Terms and Conditions of the Domestic Event Fund.

If an event has to be cancelled for any reason, then all or part of the financial assistance received may be repayable. The Department may also impose further, specific conditions depending on the particular applicant's circumstances.

5. Public disclosure of financial assistance paid

The names of applicant businesses which have received support under the Fund will be published in an annual report prepared by the Department. Details of financial assistance cannot, therefore, be confidential to the business concerned.

Applicants should also be aware that parliamentary questions may be asked, and Freedom of Information requests may be made about particular applications or applicants.

6. The application process

Potential applicants who would like to discuss financial assistance through the Fund and how the Fund could help their business are encouraged to contact the Domestic Event Fund Team by emailing eventfund@gov.im before submitting an application. All applications for events in city, town and village centres will be shared with the local authorities as part of the review process. The application must be signed by a liable party on behalf of the applicant.

Please note:

- financial assistance cannot be considered retrospectively for items of expenditure that have already been purchased unless agreed with the Department;
- neither a preliminary discussion nor presentation will be considered a substitute for a properly supported application;
- the applicant is responsible for all costs involved in preparing and submitting an application.

6.1 Evaluation of the application

The Department aims to deal with the majority of applications within 3 weeks of receipt or, where additional information is sought, the date such information is provided (whichever is the later).

6.2 The decision

Where the application is successful the applicant will be notified of the offer in writing along with the terms and conditions that would apply upon acceptance. Standard terms and conditions are applied to each offer of financial assistance. These cover the implications of acceptance of assistance and set out the process for reporting information on the business that the Department will require as a condition of providing assistance.

The Department reserves the right to withdraw an offer of assistance at its discretion. Although unusual this circumstance could arise if an applicant fails to comply with term

and conditions or if the Department believes that any information submitted as part of the application is incorrect or untrue.

Subject to timescales and resources, if an application potentially meets the criteria of the Fund but additional details are required, this will be discussed with the event organiser, and an opportunity will be provided to update and resubmit the application.

Where the application is refused, the applicant will be advised of the decision and the reasons for it.

The Fund is discretionary. The offer of any financial assistance is entirely at the Department's discretion. The Department is under an obligation to process and consider all applications reasonably but is not under an obligation to make any payment.

Any offer of financial assistance is also subject to availability of Department funds.

6.3 Accepting the offer

Where the offer of financial assistance is accepted the terms and conditions should be signed and returned to the Department. This is necessary before any application for payment can be considered.

The offer of financial assistance must be accepted by the applicant **in a timely manner and ahead of the event taking place.**

Applicants who are in receipt of an offer should read the terms and conditions carefully, as they may include significant obligations. As pointed out, the Department may impose conditions (including but not limited to the giving of security for the repayment of the financial assistance), which are additional to those included in the standard terms and conditions. Applicants are advised to seek independent legal advice as to the terms and conditions and any additional documentation which they are required to sign.

If you are successful in receiving funding for an event, you must use the official 'supported by' stamp on any promotional materials and reference that the event is supported by the Domestic Event Fund.

A copy of the Domestic Event Fund logo can be obtained from the Business Isle of Man team - email: eventfund@gov.im

6.4 Claiming payments from the Department

Financial assistance under the Fund will be paid retrospectively, except in exceptional circumstances when the Department can make available working capital grants. This type of financial assistance is only available to existing businesses and is subject to agreement in advance based on demonstrable need.

In order to submit a claim for payment, applicants should submit all original invoices and receipts to the Department within one month following the event to guarantee prompt payment. To assess the impact of the Fund, applicants must also complete the post event survey to report on key performance indicators as outlined in the application (e.g. increase in footfall, impact to revenue, and marketing reach). Any queries regarding the claim procedures should be directed to the Domestic Event Fund Team by emailing: eventfund@gov.im.

7. Winter Event Scheme

This funding could be used by the business to support a single event or multiple events. Collaborations between businesses are encouraged and in this instance, the funding per venue could be combined.
