CRITERIA

To book a place in the Manx Produce Marquee, you need to meet the following criteria:

- All produce sold must be grown, reared, caught, brewed, pickled, baked or smoked on Island or, where processed, this must contain local produce. Local means produce from the Isle of Man.
- You will need to have a valid P.A.T certificate within the last 12 months, for any electrical equipment brought with you and used during the event. This will help to minimise tripping of electric supply.
- All stallholders must comply with current Trading Standards and Environmental Health requirements. All stallholders selling food/drink should be registered with Environmental Health and provide their registration number. Stallholders must provide relevant allergy information. Sales of alcohol are not possible as the marquee will not be licensed.
- All stallholders should identify any hazards that their stall could present to people at the show and take steps to remove or reduce the risk that these might cause damage, injury or illness.
- All exhibitors must agree to share their revenue data with DEFA and DfE following the event. This will be in the form of a survey sent to all exhibitors after the show.

DISCLAIMER:

In the preparation of this Event, we have relied on information which we believe to be accurate and reliable. However, neither Isle of Man Government nor any persons involved in the preparation of the Event, accept any form of liability whatsoever for its contents, including opinions, advice or information or for any consequences that may arise.

SHOW COMMITTEE REQUIREMENTS

Please note that the rules of the Royal Manx Agricultural Show are set by their Show Committee and not by DEFA/DfE. Anyone wishing to submit a bid for a catering contract or those who wish to purchase a trade stand should respond directly to the Show Secretary email: royalmanx@manx.net.

This application form is for an area within the Manx Produce Marquee only. Please be aware that restrictions apply to the sales of sandwiches and similar products for which there are approved suppliers, appointed by the Show Committee. However, cakes or pies can be sold provided that they are large or sold in containers and drinks can be sold in bottles: in other words, produce presented for consumption away from the Show is acceptable as it is not deemed to be in competition with the approved catering contractors.

If you are unsure as to whether your goods or services might contravene Show Committee rules, please discuss this by contacting us at food@gov.im, in the first instance.
